FIDELITY AMERICAN BANK, N.A.

Dear Customers:

I am very proud to be an employee of Fidelity American Bank, and one reason is the wide range of services we can offer our customers. We have a number of savings plans to meet your financial needs and goals, which is especially important in these days of inflation when everybody is more savings conscious.

Our new, high-yield 2½ year Investment Certificate can give you some hedge against your shrinking dollar. The interest rate is tied to Treasury Securities of the same maturity, and interest is compounded continuously. With the low $100 minimum and the automatically renewable feature, this new certificate is a good plan for large and small savers alike.

We also offer two unique services that are not available anywhere else in the state: The Going Thing Club which offers eight great ways to stretch your dollars, and Focus 60, a special service for people 60 years of age and older, which provides money saving features to senior citizens.

In addition, we offer agricultural services, trust services, and international services.

Now you can see why I take pride in our bank, and I invite you to visit us and discuss our many services. I believe you will want to join our Fidelity family.

Sincerely,
Eileen S. LeGrand
